

Believe it or not, the GSTC will celebrate its one year anniversary on June 16! For the last 365 days, we've been busy treating over 30 sea turtle patients for various illnesses and injuries, 9 of which have been successfully released. To honor our patients, the GSTC staff is asking YOU to cast your vote for the Patient of the Year! The turtle with the highest number of votes will be the 'spokes turtle' for the Center and will be featured on the GSTC website and publications. So how does it work? Easy peasy lemon squeezy! Come in to the Center, meet our in-house patients, read about past patients and choose the patient who you think best represents the Georgia Sea Turtle Center's goal of rescue, rehabilitation and release. Cast your vote by purchasing this \$1 donation card at the Gift Shop. The winner will be announced at Jekyll Island Family Weekend June 27-29th. So what are you waiting for?
